Dear Michiel Smid

Your research article "A Dynamic Dictionary for Priced Information with Application" published in the "Algorithmica", has been respectfully reviewed. Your points are very impressive, and in order to make more people aware of your research achievements, we sincerely invite you to submit a new manuscript to our Journal Intelligent Information Management (IIM).

IIM is a peer reviewed international journal dedicated to the latest advancement of intelligent information management. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas. The topics to be covered by IIM include, but are not limited to:

Computational Intelligence

Distributed Artificial Intelligence

Financial Engineering

General Systems Theory and Methodology

Image Processing and Computer Vision

Information Security

Intelligent Information Management Systems

Knowledge Discovery and Management

Nonlinear System and Control Theory

Optimal Algorithms

Other Related Areas and Applications

Power Systems

Stochastic Systems

IIM invites you to submit your original and unpublished work that communicates current research on intelligent information management both in the theoretical and methodological aspects. Accepted papers will immediately appear online followed by printed hard copy, which will be sent to over 200 scientific libraries around the world.

On behalf of the Editor in Chief, Dr. Bin Wu, we invite you to submit papers to IIM.
